

This is a brief and relatively easy assignment; we will cover the necessary material (Sections 17.2 and 17.3, plus Chapter 1 and Section 2.1 of the posted notes) on or before Wednesday 11/7. Assignment 10 will be made early; it will not be collected but will cover the remaining material on the second exam.

The second exam will be on Monday, November 19.

Turn in starred problems Wednesday 11/14/2012.

Section 17.2: 5 (a), (e), (g); 12 (a), (d)*, (j)*, (s)

Section 17.3: 1, 4 (a), (c)*, (g), (l)*, 16 (b)*

Comments, hints, instructions:

1. 17.2 12(k) is a bit tricky—think carefully.
2. 17.3 4(l) is easy; with the given hint the problem can be done by inspection. **Think before you compute, and you won't have to compute.** Note that this problem is related to 17.2 12(j).
