TA. Xiao Chen, email: xc206@scarletmail.rutgers.edu, office: Hill Center 535.

Office hours. Wednesday 11:00 – 11:50am, Friday 2:30 – 3:20pm. If this time is inconvenient, make a special arrangement with me whenever you need help. You are also welcome to come to my office at any time (without prearrangement) if I am in and available.

Description. Systems of linear equations, Gaussian elimination, matrices and determinants, vectors in two- and three-dimensional Euclidean space, vector spaces, introduction to eigenvalues and eigenvectors. Possible additional topics: systems of linear inequalities and systems of differential equations.

Prerequisites: CALC2 or 01:640:136 or 138.

Content. Vectors in \(n\)-dimensional space, systems of linear equations, Gaussian elimination, span and linear independence of a set of vectors, matrix algebra, determinants, subspaces of \(n\)-dimensional space, basis and dimension, eigenvalues and eigenvectors, diagonalization of a matrix, geometry of vectors, projections, orthogonal sets of vectors, symmetric matrices, and applications.

Quizzes. There will be (tentatively) 8 pop-quizzes, 10pts each. Drop three worst for a total of 50pts. No make-up for missed quizzes.

Homework. Homework assignments (see my webpage) will be updated frequently. Homework (stapled) will be collected on the due date in class, and will be graded, with one part of credit given for completeness and another part for selected problems. Graded homework can be picked up one week later in class at the end of class, or during my office hours. Homework past the due date is not accepted.

Exams (subject to change). There will be two 50-point in-class (midterm) exams given on Oct. 9 (Tuesday) and Nov. 13 (Tuesday). The final exam is comprehensive; date and location to be announced. The midterms are given in the usual classroom.

The ONLY permissible reason for make-up exams is based on verifiable medical grounds or religious holidays. In the former case, written statements (accompanied by phone numbers) of attending physicians, AND letters from the Dean of Students’ office, are required to prove
genuine medical emergencies. In the latter case, the instructor must be informed at least two weeks ahead of the exam date.

**Grade.**

Total: $2 \times 50$ (for the midterms) + $100$ (for the final) + $50$ (for the homework) + $50$ (for the quizzes) = $300$.

**Important.** Your written work should be neat. Show all your work. Answers with no work and/or no explanations will receive no credit. Please remember that the instructor is here to help you, so never afraid to ask for help.

Students are expected to attend every scheduled class and to be familiar with the University Class Attendance policy. It is the student’s responsibility to keep informed of any announcements, syllabus adjustments or policy changes made during scheduled classes.

Students are expected to behave in accordance with the Code of Academic Integrity, see [http://academicintegrity.rutgers.edu/academic-integrity-policy](http://academicintegrity.rutgers.edu/academic-integrity-policy)

The university is fully committed to compliance with the Americans with Disabilities Act; policies and procedures are indicated at [http://ods.rutgers.edu](http://ods.rutgers.edu). Students who wish to request special accommodations must present a Letter of Accommodations to the instructor as early in the term as possible.
