The course textbook is Elementary Linear Algebra by Spence, Insel and Friedberg.

There will be two mid-term exams and a final, which determine the bulk of your grade. In addition, there will be homework, and some quizzes to be announced.

Attendance at all exams (including quizzes) is required as there will be no makeups, barring truly compelling and documented reasons. The final exam will take place during the last class meeting on July 7 (but it will run for 3 hours). The mid-term exams will take place during class times to be announced.

There will be homework assigned for each section. In general, no late homework will be accepted.

The breakdown of your grade will be as follows:

Homework — 10%
Quizzes — 10%
Midterm 1 — 20%
Midterm 2 — 20%
Final — 40%
