

MATH 311: Homework 7

Due: March 10, 2021

1. Upcoming office hours are Monday March 8 3:30-4:30 and Wednesday March 10 9-10.
2. Read Sections 3.3-4 in Abbott
3. Do exercise 3.2.2 parts (a)-(c) in Abbott. [We probably won't have quite covered enough material for part (d) as of the end of Wednesday; it will be on the homework next week.]
4. Do exercises 3.2.3, 3.2.6, 3.2.10 in Abbott.

Warning: This assignment is not as short as it looks – most students find the problems above a little time-consuming to think through for the first time.
