1. I could give the cashier 3 19 dollar coins and receive 4 14 dollar coins in change.
2. I could pay with 34 109 coins and receive 39 95 coins in change.
3. I would put 7 16 kg weights on one side, and 3 37 kg weights on the other. I would add coffee to the 37 kg side until the scale balanced.
