Part 1:

1. According to the internet, who is the greatest mathematician?

Euler

2. Where did Dennis Deturcke get his degree from?

Drexel

3. Where did RSA graduate from?

Weizmann Institute

Part 2:

1.

a. $\frac{7}{12} = \frac{1}{2} + \frac{1}{12}$

So each person gets $\frac{1}{2}$ of one pizza and $\frac{1}{12}$ of another.

b. This is better because it's easier to cut a pizza into thirds and fourths than twelfths.

2. 7, 22
