

William R. Allaway

[14, 48, 1972, 1993, 3, 3, 0]

Author: Tianyi He

William Roy Allaway (April 25, 1940 - February 14, 2002), was a Professor of Mathematics, Department of Mathematical Sciences, at Lakehead University before his death and was a resident of Thunder Bay for over 30 years. He completed a lot of research in mathematics but has little publicly available information on the Internet. His first publication was published in 1972, and his last was published in 1993. During the 21 years, He published 14 publications. He published some work in collaboration with other people who were working in algebra, like Waleed Alsalam, Richard Askey, Xiang Liu, K. W. Yuen. On a Thursday, Prof. William R. Allaway passed away peacefully with family at his side at St. Joseph's Hospital. William.
